Preston Black  
Director  
Office of Legal Affairs

Mr. Black:

Pursuant to IC 4-22-2-28, the Indiana Economic Development Corporation ("IEDC") has reviewed the economic impact analysis for small business associated with rule changes proposed by the Indiana State Department of Health (ISDH) contained in LSA Document 09-40. The proposed rule amends 410 IAC 1-1 to expand the list of immunizations required for attendance at public schools to include those recommended by the Centers for Disease Control and Prevention (CDC), and further defines school reporting requirements to require electronic reporting via the immunization data registry.

This rule impacts children that are required to be immunized and public schools that are required to report immunization data to the ISDH. This proposed rule change does not have any economic impact on any small business.

Since the proposed rule is not expected to affect any small businesses, it does not impose any direct cost or reporting costs on small businesses. The IEDC does not object to the economic impact associated with this proposed rule. If you have any questions about the comments contained herein please contact me at 232-8962 or [rasberry@iedc.in.gov](mailto:rasberry@iedc.in.gov).

Regards,

Ryan Asberry  
Assistant Vice President
